What is the S.O.S "Support Our Students" about? It is a grassroots fundraising campaign which has a deadline of May 31st, 2010. The committee is made up of eager parents, teachers, PTC's, PTO's, PTA's, administrators, and others who care about a child's education.

What is the purpose? To raise awareness in the community about the much needed funding for programs in our schools and to maintain the integrity of the schools in the Vacaville district.

What's the urgency? We need the money NOW! The state budget debacle and deficit have had such an adverse affect on the Vacaville School District's budget, we can no longer sit back and do nothing. Our schools are in a crisis and the district has a chance to do something no other district in the state has done and that is to be SELF-RELIANT. However we need the help from the Entire community!

What can you do? With a multimillion dollar shortfall in our district's state funding. We encourage all the parents of our 13,000 students to contribute what they can and to rally their network of friends, family and employers to do the same.

Who gets the money? It will be given to the Schools and not the Central Office!

Keep Vacaville as the BEST Community for Young People and Donate!
