Program Features
- Located on the Solano Community College Vacaville (SCC) and Will C Wood High School campuses
- A fully accredited college preparation high school diploma upon completion
- An opportunity to earn an AA degree or up to 60 transferable college credits during four years of high school enrollment
- Free tuition and books for VECHS classes at SCC Preparation for success in college courses
- Supportive learning environment
- Collaborative school community for parents, students and staff
- Rigorous academic standards and expectations
- A bridge between high school, community college and university

What will the school year look like?
Students will have a daily schedule that is a combination of traditional and block scheduling.

9th grade students will be expected to take English 9 College Prep, Biology, Math, World History, PE and a period of VECHS Academic Support. 9th grade students will also be encouraged to take one appropriate level SCC course each semester.

As students satisfy required coursework for a high school diploma, their schedules will open up for more SCC courses.

A sample schedule may be seen on the VECHS website.
