NEW STUDENT REGISTRATION
FREQUENTLY ASKED QUESTIONS

Where should I go to enroll my child in school?

All students must be registered at their school of residence, regardless of the school that you would like your child to attend. Please use the School Area Locator to determine your school of residence.

Can you guarantee that my child will attend his/her school of residence?

Please note that some of our elementary schools may be filled to capacity in certain grade levels. In this circumstance, student overflow procedures may be needed. Overflow students are placed in schools on a space-available basis. If your school of residence is full at the time you enroll your child, your child may be “overflowed” to another school within the district.

When and how will I know if my child is “overflowed” to another school?

When you register your child at your school of residence, the school administrative assistant will contact the District Office if your student’s particular grade level is at capacity. The District Office will determine where space is available for your child and you will be notified as soon as possible.
### How old does my child have to be to register for kindergarten?

Children who will turn 5 years old on or before September 1, 2017, are eligible to enroll in Kindergarten. Children who will turn 5 years old between September 2 and December 2, 2017, are eligible to enroll in Transitional Kindergarten.

### What are the required forms I will need to bring to register a student in Kindergarten or Transitional Kindergarten?

- Birth Certificate
- Proof of [Vaccinations](#)
- Proof of Physical Exam after your child turns 4 years, 3 months old or written proof of an appointment for an exam
- Proof of Residence Address (PG&E bill, cable bill, or other utility bill is required for all new students)

### What are the required forms I will need to bring to register students in grades 1 through 12?

- Proof of Residence Address (PG&E bill, cable bill, or other utility bill is required for all new students)
- Proof of [Vaccinations](#)

California Senate Bill 277 requires all students entering grades 7-12 to provide proof of an adolescent whooping cough booster (Tdap shot) before they may attend. For more information about Tdap in both English and Spanish, please see the documents posted on the [Health Services page](#). See the Solano County web site for a list of [Vaccination Clinics in the area](#).
I want my student to attend a different school than is listed as our school of residence. Can I complete an Intradistrict Agreement for a student during the summer?

An Intradistrict Agreement is an annual contract allowing a student to attend a school other than their school of residence. Intradistrict Agreements must be renewed each school year.

Schools are closed until the first week in August and Principals will not be approving Intradistrict Agreements until they return and determine if they have room for new students. Intradistrict approvals and denials may not be made until the week before school starts, and could be as late as the first week of school.

I live outside of the attendance boundaries for Vacaville Unified, but want my child to attend a school in Vacaville USD. Is that possible?

An Interdistrict Attendance agreement may be approved, if grade level capacity allows, for students who live outside the VUSD boundaries. The annual agreement specifies terms and conditions under which the agreement will be approved or denied. Both the district of residence and VUSD must approve any Interdistrict agreement. Please contact your district of residence to begin this process.
